Re: Docket 99P-0033/CP 1

Dear Commissioner Henney:

We are appalled that the U.S. allows the feeding of animal parts to livestock. Feeding British cattle the remains of sheep, cattle and other animals deemed unfit for human consumption was linked to British mad cow disease. This practice should be banned in the U.S.

Please act on the petition from the Humane Farming Association.

Very truly yours,

(Mrs.) Lily A. Sayre
